IN THE CIRCUIT COURT OF THE TWELFTH JUDICIAL CIRCUIT  
WILL COUNTY, ILLINOIS

## ADMINISTRATIVE ORDER NO. 2020-20

## REMOTE APPEARANCES IN CIVIL MATTERS

WHEREAS, the Court has entered Administrative Orders to authorize modifications to Court proceedings and protocols in light of the COVID-19 health emergency;

WHEREAS, the Federal government, State government and the Centers for Disease Control have issued Orders and recommendations that individuals maintain social distancing in order to reduce the spread of COVID-19;

WHEREAS, the Civil Division of the Twelfth Judicial Circuit wishes to use remote appearances in order to reduce the number of individuals having to appear in person before the Court;

THEREFORE, IT IS HEREBY ORDERED THAT pursuant to Administrative Orders 2020-08 and 2020-16, the Civil Division sets forth the following procedures for remote appearances in civil cases:

1. Until further notice, cases currently scheduled before the Court after May 31, 2020, shall be conducted by remote appearance via Zoom. The Circuit Clerk is Ordered to notify all parties of record.
2. This Order shall be served with all issued summons, including those issued with the filing of a new lawsuit.
3. Attorneys and self-represented litigants shall appear at the remote proceeding by Zoom or telephone. If a party is unable to participate by Zoom or telephone, the party is required to appear at the courthouse and comply with all face-covering and social distancing requirements.
4. The attached Remote Court Instructions are adopted included with this Order.
5. All participants are responsible for accessing and joining the Zoom proceeding. The Court will not contact the parties to join the proceeding.
6. All attorneys and self-represented litigants must provide and update e-mail address(es) and phone number(s) through the Circuit Clerk's website at [www.circuitclerkofwillcounty.com](http://www.circuitclerkofwillcounty.com).
7. All courtroom rules and procedures shall also be observed in all remote proceedings, including use of proper decorum, proper dress, and appropriate language.
8. Recording of these proceedings is strictly prohibited. The official Court record will continue to be created electronically or by a certified court reporter.
9. Attorneys shall submit a proposed Order by the end of the business day through EFile IL.
10. Failure to appear, whether through the Zoom call or in person, may result in a default judgment.

This Order is effective immediately.

DATED THIS 19 DAY OF MAY, 2020.

IN THE CIRCUIT COURT OF THE TWELFTH JUDICIAL CIRCUIT  
WILL COUNTY, ILLINOIS

**CLASS ACTION COMPLAINT**

Plaintiff Victor Williams (“Plaintiff”), individually and on behalf of all others similarly situated (the “Class”), by and through his attorneys, brings the following Class Action Complaint (“Complaint”) pursuant to the Illinois Code of Civil Procedure, 735 ILCS §§ 5/2-801 and 2-802, against Ecolab, Inc. (“Ecolab” or “Defendant”), its subsidiaries and affiliates, to redress and curtail Defendant’s unlawful collection, obtainment, use, storage, and disclosure of Plaintiff’s sensitive and proprietary biometric data. Plaintiff alleges as follows upon personal knowledge as to himself, his own acts and experiences and, as to all other matters, upon information and belief, including investigation conducted by his attorneys.

## **NATURE OF THE ACTION**

1. Defendant Ecolab is a provider of water, hygiene and energy technology and services.
2. When Defendant hires an employee, including Plaintiff, he or she is enrolled in its employee database(s) using a scan of his or her fingerprint. Defendant uses the employee database(s) to monitor the time worked by its employees.

**Initial case management set for  
3/29/2021 at: 9:00 a.m.**

3. While many employers use conventional methods for tracking time worked (such as ID badges or punch clocks), Defendant's employees are required, as a condition of employment, to have their fingerprints scanned by a biometric timekeeping device.

4. Biometrics are not relegated to esoteric corners of commerce. Many businesses – such as Defendant's – and financial institutions have incorporated biometric applications into their workplace in the form of biometric timeclocks or authenticators, and into consumer products, including such ubiquitous consumer products as checking accounts and cell phones.

5. Unlike ID badges or time cards – which can be changed or replaced if stolen or compromised – a fingerprint is a unique, permanent biometric identifier associated with each employee. This exposes Defendant's employees to serious and irreversible privacy risks. For example, if a database containing fingerprints or other sensitive, proprietary biometric data is hacked, breached, or otherwise exposed – like in the recent Equifax, Facebook/Cambridge Analytica, and Suprema data breaches – employees have no means by which to prevent identity theft, unauthorized tracking or other unlawful or improper use of this highly personal and private information.

6. In 2015, a data breach at the United States Office of Personnel Management exposed the personal identification information, including biometric data, of over 21.5 million federal employees, contractors, and job applicants. U.S. Off. of Personnel Mgmt., *Cybersecurity Incidents* (2018), available at [www.opm.gov/cybersecurity/cybersecurity-incidents](http://www.opm.gov/cybersecurity/cybersecurity-incidents).

7. An illegal market already exists for biometric data. Hackers and identity thieves have targeted Aadhaar, the largest biometric database in the world, which contains the personal and biometric data – including fingerprints, iris scans, and facial photographs – of over a billion Indian citizens. See Vidhi Doshi, *A Security Breach in India Has Left a Billion People at Risk of*

*Identity Theft, The Washington Post (Jan. 4, 2018), available at [https://www.washingtonpost.com/news/worldviews/wp/2018/01/04/a-security-breach-in-india-has-left-a-billion-people-at-risk-of-identity-theft/?utm\\_term=.b3c70259f138](https://www.washingtonpost.com/news/worldviews/wp/2018/01/04/a-security-breach-in-india-has-left-a-billion-people-at-risk-of-identity-theft/?utm_term=.b3c70259f138).*

8. In January 2018, an Indian newspaper reported that the information housed in Aadhaar was available for purchase for less than \$8 and in as little as 10 minutes. Rachna Khaira, *Rs 500, 10 Minutes, and You Have Access to Billion Aadhaar Details*, The Tribune (Jan. 4, 2018), available at <http://www.tribuneindia.com/news/nation/rs-500-10-minutes-and-you-have-access-to-billion-aadhaar-details/523361.html>.

9. In August 2019 it was widely reported that Suprema, a security company responsible for a web-based biometrics lock system that uses fingerprints and facial geometry scans in 1.5 million locations around the world, maintained biometric data and other personal information on a publicly accessible, unencrypted database. Major Breach Found in Biometrics System Used by Banks, UK police and Defence Firms, The Guardian (Aug. 14, 2019), available at <https://www.theguardian.com/technology/2019/aug/14/major-breach-found-in-biometrics-system-used-by-banks-uk-police-and-defence-firms>.

10. In the United States, law enforcement, including the Federal Bureau of Investigation and Immigration and Customs Enforcement, have attempted to turn states' Department of Motor Vehicles databases into biometric data goldmines, using facial recognition technology to scan the faces of thousands of citizens, all without their notice or consent. Drew Harwell, *FBI, ICE Find State Driver's License Photos Are a Gold Mine for Facial-Recognition Searches*, The Washington Post (July 7, 2019), available at [https://www.washingtonpost.com/technology/2019/07/07/fbi-ice-find-state-drivers-license-photos-are-gold-mine-facial-recognition-searches/?noredirect=on&utm\\_term=.da9afb2472a9](https://www.washingtonpost.com/technology/2019/07/07/fbi-ice-find-state-drivers-license-photos-are-gold-mine-facial-recognition-searches/?noredirect=on&utm_term=.da9afb2472a9).

11. This practice has been criticized by lawmakers. Some states, including Illinois, have refused to comply with law enforcement's invasive requests. *State Denying Facial Recognition Requests*, Jacksonville Journal-Courier (July 9, 2019), available at <https://www.myjournalcourier.com/news/article/State-denying-facial-recognition-requests-14081967.php>.

12. Recognizing the need to protect its citizens from situations like these, Illinois enacted the Biometric Information Privacy Act ("BIPA"), 740 ILCS § 14/1, *et seq.*, specifically to regulate companies that collect, obtain, store and use Illinois citizens' biometrics, such as fingerprints.

13. Notwithstanding the clear and unequivocal requirements of the law, Defendant disregards Plaintiff's and other similarly-situated employees' statutorily protected privacy rights and unlawfully collects, obtains, stores, disseminates, and uses Plaintiff's and other similarly-situated employees' biometric data in violation of BIPA. Specifically, Defendant violated and continues to violate BIPA because it did not and continues not to:

- a. Properly inform Plaintiff and others similarly situated in writing of the specific purpose and length of time for which their fingerprints were being collected, obtained, stored, and used, as required by BIPA;
- b. Develop and adhere to a publicly available retention schedule and guidelines for permanently destroying Plaintiff's and other similarly-situated employees' fingerprints, as required by BIPA;
- c. Obtain a written release from Plaintiff and others similarly situated to collect, obtain, store, disseminate, or otherwise use their fingerprints, as required by BIPA; and
- d. Obtain consent from Plaintiff and others similarly situated to disclose, redisclose, or otherwise disseminate their fingerprints to a third party as required by BIPA.

14. Accordingly, Plaintiff, on behalf of himself as well as the putative Class, seeks an Order: (1) declaring that Defendant's conduct violates BIPA; (2) requiring Defendant to cease the unlawful activities discussed herein; and (3) awarding statutory damages to Plaintiff and the proposed Class.

## **PARTIES**

15. Plaintiff Victor Williams is a natural person and a resident of the State of Illinois.

16. Defendant Ecolab is a Delaware corporation that is registered with the Illinois Secretary of State and conducts business in the State of Illinois, including Will County.

## **JURISDICTION AND VENUE**

17. This Court has jurisdiction over Defendant pursuant to 735 ILCS § 5/2-209 because Defendant is a citizen of Illinois, conducts business in Illinois, and it committed the statutory violations alleged herein in Will County, Illinois.

18. Venue is proper in Will County because Defendant conducts business in this State, conducts business transactions in Will County, and committed the statutory violations alleged herein in Will County, Illinois.

## **FACTUAL BACKGROUND**

### **I. The Biometric Information Privacy Act.**

19. In the early 2000s, major national corporations started using Chicago and other locations in Illinois to test "new applications of biometric-facilitated financial transactions, including finger-scan technologies at grocery stores, gas stations, and school cafeterias." 740 ILCS § 14/5(c). Given its relative infancy, an overwhelming portion of the public became weary of this then-growing yet unregulated technology. *See* 740 ILCS § 14/5.

20. In late 2007, a biometrics company called Pay by Touch, which provided major retailers throughout the State of Illinois with fingerprint scanners to facilitate consumer transactions, filed for bankruptcy. That bankruptcy was alarming to the Illinois Legislature because suddenly there was a serious risk that millions of fingerprint records – which, like other unique biometric identifiers, can be linked to people’s sensitive financial and personal data – could now be sold, distributed, or otherwise shared through the bankruptcy proceedings without adequate protections for Illinois citizens. The bankruptcy also highlighted the fact that most consumers who used the company’s fingerprint scanners were completely unaware that the scanners were not actually transmitting fingerprint data to the retailer who deployed the scanner, but rather to the now-bankrupt company, and that their unique biometric identifiers could now be sold to unknown third parties.

21. Recognizing the “very serious need [for] protections for the citizens of Illinois when it [came to their] biometric information,” Illinois enacted BIPA in 2008. *See* Illinois House Transcript, 2008 Reg. Sess. No. 276; 740 ILCS § 14/5.

22. Additionally, to ensure compliance, BIPA provides that, for each violation, the prevailing party may recover \$1,000 or actual damages, whichever is greater, for negligent violations and \$5,000, or actual damages, whichever is greater, for intentional or reckless violations. 740 ILCS § 14/20.

23. BIPA is an informed consent statute that achieves its goal by making it unlawful for a company to, among other things, collect, capture, purchase, receive through trade, or otherwise obtain a person’s or a customer’s biometric identifiers or biometric information, unless it first:

- a. Informs the subject in writing that a biometric identifier or biometric information is being collected, obtained, stored, and used;

- b. Informs the subject in writing of the specific purpose and length of term for which a biometric identifier or biometric information is being collected, obtained, stored, and used; and
- c. Receives a written release executed by the subject of the biometric identifier or biometric information.

*See 740 ILCS § 14/15(b).*

24. BIPA specifically applies to employees who work in the State of Illinois. BIPA defines a “written release” specifically “in the context of employment [as] a release executed by an employee as a condition of employment.” 740 ILCS § 14/10.

25. Biometric identifiers include retina and iris scans, voiceprints, scans of hand and face geometry, and – most importantly here – fingerprints. *See 740 ILCS § 14/10.* Biometric information is separately defined to include any information based on an individual’s biometric identifier that is used to identify an individual. *Id.*

26. BIPA establishes standards for how companies must handle Illinois citizens’ biometric identifiers and biometric information. *See, e.g., 740 ILCS § 14/15(c)-(d).* For example, BIPA prohibits private entities from disclosing a person’s or customer’s biometric identifier or biometric information without first obtaining consent for such disclosure. *See 740 ILCS § 14/15(d)(1).*

27. BIPA also prohibits selling, leasing, trading, or otherwise profiting from a person’s biometric identifiers or biometric information (740 ILCS § 14/15(c)) and requires companies to develop and comply with a written policy – made available to the public – establishing a retention schedule and guidelines for permanently destroying biometric identifiers and biometric information when the initial purpose for collecting such identifiers or information has been

satisfied or within three years of the individual's last interaction with the company, whichever occurs first. 740 ILCS § 14/15(a).

28. The Illinois legislature enacted BIPA due to the increasing use of biometric data in financial and security settings, the general public's hesitation to use biometric information, and – most significantly – the unknown ramifications of biometric technology. Biometrics are biologically unique to the individual and, once compromised, an individual is at a heightened risk for identity theft and left without any recourse.

29. BIPA provides individuals with a private right of action, protecting their right to privacy regarding their biometrics as well as protecting their rights to know the precise nature for which their biometrics are used and how they are being stored and ultimately destroyed. Unlike other statutes that only create a right of action if there is a qualifying data breach, BIPA strictly regulates the manner in which entities may collect, store, use, and disseminate biometrics and creates a private right of action for lack of statutory compliance.

30. Plaintiff, like the Illinois legislature, recognizes how imperative it is to keep biometric information secure. Biometric information, unlike other personal identifiers such as a social security number, cannot be changed or replaced if hacked or stolen.

## **II. Defendant Violates the Biometric Information Privacy Act.**

31. By the time BIPA passed unanimously through the Illinois legislature in mid-2008, most companies who had experimented with using individuals' biometric data stopped doing so.

32. However, Defendant failed to take note of the shift in Illinois law governing the collection, obtainment, use, storage, and dissemination of biometric data. As a result, Defendant continues to collect, obtain, store, use, and disseminate its employees' biometric data in violation of BIPA.

33. Specifically, when employees are hired, Defendant requires them to have their fingerprints scanned to enroll them in its employee database(s).

34. Defendant uses an employee time tracking system that requires employees to use fingerprints as a means of authentication. In accordance with Defendant's policy, its employees are required to use their fingerprints to clock-in and clock-out, recording their time worked.

35. Defendant fails to inform its employees that it discloses or disclosed their fingerprint data to at least one third-party biometric timekeeping vendor, and likely others; fails to inform its employees that it discloses their fingerprint data to other, currently unknown, third parties, which host the biometric data in their data centers; fails to inform its employees of the purposes and duration for which it collects and obtains their sensitive biometric data; and, fails to obtain written releases from employees before collecting their fingerprints.

36. Defendant failed to develop or adhere to a written, publicly-available policy identifying its retention schedule and guidelines for permanently destroying employees' biometric data when the initial purpose for collecting or obtaining their biometrics is no longer relevant, as required by BIPA.

37. The Pay by Touch bankruptcy that catalyzed the passage of BIPA, as well as the recent data breaches, highlights why such conduct – where individuals are aware that they are providing a fingerprint, but not aware of to whom or for what purposes they are doing so – is dangerous. That bankruptcy spurred Illinois citizens and legislators into realizing that it is crucial for individuals to understand when providing biometric identifiers, such as a fingerprint, who exactly is collecting their biometric data, where it will be transmitted, for what purposes, and for how long. Defendant disregards these obligations and its employees' statutory rights and instead

unlawfully collects, obtains, stores, uses, and disseminates its employees' biometric identifiers and information, without first receiving the individual's informed written consent required by BIPA.

38. Defendant lacks retention schedules and guidelines for permanently destroying Plaintiff's and other similarly-situated individuals' biometric data and has not and will not destroy Plaintiff's and other similarly-situated individuals' biometric data when the initial purpose for collecting or obtaining such data has been satisfied or within three years of the employee's last interaction with the company.

39. Defendant does not tell Plaintiff and others similarly situated what might happen to their biometric data if and when Defendant merges with another company, or worse, if and when Defendant's business folds, or when the other third parties that have received employees' biometric data businesses fold.

40. Since Defendant neither publishes a BIPA-mandated data retention policy nor discloses the purposes for its collection and use of biometric data, Defendant's employees have no idea at the time of collection whether Defendant sells, discloses, rediscloses, or otherwise disseminates their biometric data. Moreover, Plaintiff and others similarly situated are not told at the time of collection to whom Defendant discloses their biometric data, or what might happen to their biometric data in the event of a merger or a bankruptcy.

41. These violations raise a material risk that Plaintiff's and other similarly-situated individuals' biometric data will be unlawfully accessed by third parties.

42. By and through the actions detailed above, Defendant disregards Plaintiff's and other similarly-situated individuals' legal rights in violation of BIPA.

### **III. Plaintiff Victor William's Experience.**

43. Plaintiff Victor Williams worked for Ecolab as a Warehouse Worker from November 2016 to May 2019 at their facility located 4101 Olympic Boulevard, Joliet, Illinois 60431.

44. Upon hire, Defendant required Plaintiff to scan his fingerprint so Defendant could use it as an authentication method to track his time worked.

45. Defendant stored Plaintiff's fingerprint data in its employee database(s).

46. Plaintiff was required to scan his fingerprint each time he began and ended his workday.

47. Defendant did not inform Plaintiff in writing or otherwise of the purpose(s) and length of time for which his fingerprint data was being collected and obtained; did not obtain a written release from Plaintiff to collect, obtain, store, or use his fingerprint data; did not develop and adhere to a publicly available retention schedule and guidelines for permanently destroying Plaintiff's fingerprint data; and did not obtain Plaintiff's consent before disclosing or disseminating his biometric data to third parties.

48. Plaintiff has never been informed of the specific limited purposes or length of time for which Defendant collects, obtains, stores, uses, and/or disseminates his biometric data.

49. Plaintiff has never seen, been able to access, or been informed of any biometric data retention policy developed by Defendant, nor has he ever seen, been able to access, or been informed of whether Defendant would ever permanently delete his biometric data.

50. Plaintiff has never been provided with nor ever signed a written release allowing Defendant to collect, obtain, store, use or disseminate his biometric data.

51. Plaintiff has continuously and repeatedly been exposed to the risks and harmful conditions created by Defendant's multiple violations of BIPA alleged herein.

52. No amount of time or money can compensate Plaintiff if his biometric data has been compromised by the lax procedures through which Defendant captures, obtained, stores, uses, and disseminates his and other similarly-situated individuals' biometrics. Moreover, Plaintiff would not have provided his biometric data to Defendant if he had known that Defendant would retain such information for an indefinite period of time without his consent.

53. A showing of actual damages is not necessary in order to state a claim under BIPA. *See Rosenbach v. Six Flags Ent. Corp.*, 2019 IL 123186, ¶ 40 ("[A]n individual need not allege some actual injury or adverse effect, beyond violation of his or her rights under the Act, in order to qualify as an "aggrieved" person and be entitled to seek liquidated damages and injunctive relief pursuant to the Act").

54. As Plaintiff is not required to allege or prove actual damages in order to state a claim under BIPA, he seeks statutory damages under BIPA as compensation for the injuries caused by Defendant. *Rosenbach*, 2019 IL 123186, ¶ 40.

### **CLASS ALLEGATIONS**

55. Pursuant to the Illinois Code of Civil Procedure, 735 ILCS § 5/2-801, Plaintiff brings claims on his own behalf and as a representative of all other similarly-situated individuals pursuant to BIPA, 740 ILCS § 14/1, *et seq.*, to recover statutory penalties, prejudgment interest, attorneys' fees and costs, and other damages owed.

56. As discussed *supra*, Section 14/15(b) of BIPA prohibits a company from, among other things, collecting, obtaining, capturing, purchasing, receiving through trade, or otherwise obtaining a person's or a customer's biometric identifiers or biometric information, unless it *first*

(1) informs the individual in writing that a biometric identifier or biometric information is being collected, obtained, or stored; (2) informs the individual in writing of the specific purpose(s) and length of time for which a biometric identifier or biometric information is being collected, obtained, stored, and used; *and* (3) receives a written release executed by the subject of the biometric identifier or biometric information. 740 ILCS § 14/15.

57. Plaintiff seeks class certification under the Illinois Code of Civil Procedure, 735 ILCS § 5/2-801, for the following class of similarly-situated individuals under BIPA:

All individuals working for Ecolab in the State of Illinois who had their biometric identifiers and/or information collected, captured, received, or otherwise obtained, maintained, stored, or disclosed by Defendant during the applicable statutory period.

58. This action is properly maintained as a class action under 735 ILCS § 5/2-801 because:

- A. The class is so numerous that joinder of all members is impracticable;
- B. There are questions of law or fact that are common to the class;
- C. Plaintiff's claims are typical of the claims of the class; and,
- D. Plaintiff will fairly and adequately protect the interests of the class.

#### Numerosity

59. The total number of putative class members exceeds fifty (50) individuals. The exact number of class members can easily be determined from Defendant's payroll records.

#### Commonality

60. There is a well-defined commonality of interest in the substantial questions of law and fact concerning and affecting the Class in that Plaintiff and all members of the Class have been harmed by Defendant's failure to comply with BIPA. The common questions of law and fact include, but are not limited to the following:

- A. Whether Defendant collected, captured, maintained, stored, or otherwise obtained Plaintiff's and the Class's biometric identifiers or biometric information;
- B. Whether Defendant properly informed Plaintiff and the Class of its purposes for collecting, obtaining, using, storing, and disseminating their biometric identifiers or biometric information;
- C. Whether Defendant properly obtained a written release (as defined in 740 ILCS § 14/10) to collect, obtain, use, store, and disseminate Plaintiff's and the Class's biometric identifiers or biometric information;
- D. Whether Defendant has disclosed or redislosed Plaintiff's and the Class's biometric identifiers or biometric information;
- E. Whether Defendant has sold, leased, traded, or otherwise profited from Plaintiff's and the Class's biometric identifiers or biometric information;
- F. Whether Defendant developed a written policy, made available to the public, establishing a retention schedule and guidelines for permanently destroying biometric identifiers and biometric information when the initial purpose for collecting or obtaining such identifiers or information has been satisfied or within three years of its last interaction with the individual, whichever occurs first;
- G. Whether Defendant complies with any such written policy (if one exists);
- H. Whether Defendant's violations of BIPA have raised a material risk that Plaintiff's and the putative Class' biometric data will be unlawfully accessed by third parties;
- I. Whether Defendant used Plaintiff's and the Class's fingerprints to identify them;
- J. Whether the violations of BIPA were committed negligently; and
- K. Whether the violations of BIPA were committed intentionally or recklessly.

61. Plaintiff anticipates that Defendant will raise defenses that are common to the class.

**Adequacy**

62. Plaintiff will fairly and adequately protect the interests of all members of the class, and there are no known conflicts of interest between Plaintiff and class members. Plaintiff,

moreover, has retained experienced counsel who are competent in the prosecution of complex litigation and who have extensive experience acting as class counsel.

### **Typicality**

63. The claims asserted by Plaintiff are typical of the class members he seeks to represent. Plaintiff has the same interests and suffers from the same unlawful practices as the class members.

64. Upon information and belief, there are no other class members who have an interest individually controlling the prosecution of his or her individual claims, especially in light of the relatively small value of each claim and the difficulties involved in bringing individual litigation against one's employer. However, if any such class member should become known, he or she can "opt out" of this action pursuant to 735 ILCS § 5/2-801.

### **Predominance and Superiority**

65. The common questions identified above predominate over any individual issues, which will relate solely to the quantum of relief due to individual class members. A class action is superior to other available means for the fair and efficient adjudication of this controversy because individual joinder of the parties is impracticable. Class action treatment will allow a large number of similarly-situated persons to prosecute their common claims in a single forum simultaneously, efficiently and without the unnecessary duplication of effort and expense if these claims were brought individually. Moreover, as the damages suffered by each class member are relatively small in the sense pertinent to class action analysis, the expenses and burden of individual litigation would make it difficult for individual class members to vindicate their claims.

66. Additionally, important public interests will be served by addressing the matter as a class action. The cost to the court system and the public for the adjudication of individual

litigation and claims would be substantially more than if claims are treated as a class action. Prosecution of separate actions by individual class members would create a risk of inconsistent and varying adjudications, establish incompatible standards of conduct for Defendant, and/or substantially impair or impede the ability of class members to protect their interests. The issues in this action can be decided by means of common, class-wide proof. In addition, if appropriate, the Court can and is empowered to fashion methods to efficiently manage this action as a class action.

### **FIRST CAUSE OF ACTION**

#### **Violation of 740 ILCS § 14/15(a): Failure to Institute, Maintain, and Adhere to Publicly-Available Retention Schedule**

67. Plaintiff incorporates the foregoing allegations as if fully set forth herein.
68. BIPA mandates that companies in possession of biometric data establish and maintain a satisfactory biometric data retention – and, importantly, deletion – policy. Specifically, those companies must: (i) make publicly available a written policy establishing a retention schedule and guidelines for permanent deletion of biometric data (at most three years after the company’s last interaction with the individual); and (ii) actually adhere to that retention schedule and actually delete the biometric information. *See 740 ILCS § 14/15(a).*
69. Defendant fails to comply with these BIPA mandates.
70. Defendant is a Delaware corporation that conducts business in Illinois, and therefore, qualifies as a “private entity” under BIPA. *See 740 ILCS § 14/10.*
71. Plaintiff and the Class are individuals who have had their “biometric identifiers” collected or obtained by Defendant (in the form of their fingerprints), as explained in detail in Sections II and III, *supra*. *See 740 ILCS § 14/10.*
72. Plaintiff’s and the Class’s biometric identifiers were used to identify them and, therefore, constitute “biometric information” as defined by BIPA. *See 740 ILCS § 14/10.*

73. Defendant failed to develop and adhere to a publicly available retention schedule or guidelines for permanently destroying biometric identifiers and biometric information as specified by BIPA. *See 740 ILCS § 14/15(a).*

74. Defendant lacks retention schedules and guidelines for permanently destroying Plaintiff's and the Class's biometric data and has not and will not destroy Plaintiff's or the Class's biometric data when the initial purpose for collecting or obtaining such data has been satisfied or within three years of the individual's last interaction with the company.

75. On behalf of himself and the Class, Plaintiff seeks: (1) declaratory relief; (2) injunctive and equitable relief as is necessary to protect the interests of Plaintiff and the Class by requiring Defendant to comply with BIPA's requirements for the collection, obtainment, storage, and use of biometric identifiers and biometric information as described herein; (3) statutory damages of \$5,000 for each intentional and/or reckless violation of BIPA pursuant to 740 ILCS § 14/20(2) or, in the alternative, statutory damages of \$1,000 for each negligent violation of BIPA pursuant to 740 ILCS § 14/20(1); and (4) reasonable attorneys' fees and costs and other litigation expenses pursuant to 740 ILCS § 14/20(3).

#### **SECOND CAUSE OF ACTION**

#### **Violation of 740 ILCS § 14/15(b): Failure to Obtain Informed Written Consent and Release Before Obtaining Biometric Identifiers or Information**

76. Plaintiff incorporates the foregoing allegations as if fully set forth herein.

77. BIPA requires companies to obtain informed written consent from individuals before acquiring their biometric data. Specifically, BIPA makes it unlawful for any private entity to "collect, capture, purchase, receive through trade, or otherwise obtain a person's or a customer's biometric identifiers or biometric information unless [the entity] *first*: (1) informs the subject... in writing that a biometric identifier or biometric information is being collected or stored; (2) informs

the subject...in writing of the specific purpose and length of term for which a biometric identifier or biometric information is being collected, stored, and used; *and* (3) receives a written release executed by the subject of the biometric identifier or biometric information...” 740 ILCS § 14/15(b) (emphasis added).

78. Defendant fails to comply with these BIPA mandates.

79. Defendant is a Delaware corporation that conducts business in Illinois and, therefore, qualifies as a “private entity” under BIPA. *See* 740 ILCS § 14/10.

80. Plaintiff and the Class are individuals who have had their “biometric identifiers” collected or obtained by Defendant (in the form of their fingerprints), as explained in detail in Sections II and III, *supra*. *See* 740 ILCS § 14/10.

81. Plaintiff’s and the Class’s biometric identifiers were used to identify them and, therefore, constitute “biometric information” as defined by BIPA. *See* 740 ILCS § 14/10.

82. Defendant systematically and automatically collected, obtained, used, stored, and disseminated Plaintiff’s and the Class’s biometric identifiers and/or biometric information without first obtaining the written release required by 740 ILCS § 14/15(b)(3).

83. Defendant did not inform Plaintiff and the Class in writing that their biometric identifiers and/or biometric information were being captured, collected, or otherwise obtained, nor did Defendant inform Plaintiff and the Class in writing of the specific purpose(s) and length of term for which their biometric identifiers and/or biometric information were being collected, captured, or otherwise obtained as required by 740 ILCS § 14/15(b)(1)-(2).

84. By collecting, capturing, or otherwise obtaining Plaintiff’s and the Class’s biometric identifiers and biometric information as described herein, Defendant violated Plaintiff’s

and the Class's rights to privacy in their biometric identifiers or biometric information as set forth in BIPA. *See* 740 ILCS § 14/1, *et seq.*

85. On behalf of himself and the Class, Plaintiff seeks: (1) declaratory relief; (2) injunctive and equitable relief as is necessary to protect the interests of Plaintiff and the Class by requiring Defendant to comply with BIPA's requirements for the collection, obtainment, storage, and use of biometric identifiers and biometric information as described herein; (3) statutory damages of \$5,000 for each intentional and/or reckless violation of BIPA pursuant to 740 ILCS § 14/20(2) or, in the alternative, statutory damages of \$1,000 for each negligent violation of BIPA pursuant to 740 ILCS § 14/20(1); and (4) reasonable attorneys' fees and costs and other litigation expenses pursuant to 740 ILCS § 14/20(3).

### **THIRD CAUSE OF ACTION**

#### **Violation of 740 ILCS § 14/15(d): Disclosure of Biometric Identifiers and Information Before Obtaining Consent**

86. Plaintiff incorporates the foregoing allegations as if fully set forth herein.

87. BIPA prohibits private entities from disclosing a person's or customer's biometric identifier or biometric information without first obtaining consent for that disclosure. *See* 740 ILCS § 14/15(d)(1).

88. Defendant fails to comply with this BIPA mandate.

89. Defendant is a Delaware corporation that conducts business in Illinois and, therefore, qualifies as a "private entity" under BIPA. *See* 740 ILCS § 14/10.

90. Plaintiff and the Class are individuals who have had their "biometric identifiers" collected or obtained by Defendant (in the form of their fingerprints), as explained in detail in Sections II and III, *supra*. *See* 740 ILCS § 14/10.

91. Plaintiff's and the Class's biometric identifiers were used to identify them and, therefore, constitute "biometric information" as defined by BIPA. *See* 740 ILCS § 14/10.

92. Defendant systematically and automatically disclosed, redisclosed, or otherwise disseminated Plaintiff's and the Class's biometric identifiers and/or biometric information without first obtaining the consent required by 740 ILCS § 14/15(d)(1).

93. By disclosing, redisclosing, or otherwise disseminating Plaintiff's and the Class's biometric identifiers and biometric information as described herein, Defendant violated Plaintiff's and the Class's rights to privacy in their biometric identifiers or biometric information as set forth in BIPA. *See* 740 ILCS § 14/1, *et seq.*

94. On behalf of himself and the Class, Plaintiff seeks: (1) declaratory relief; (2) injunctive and equitable relief as is necessary to protect the interests of Plaintiff and the Class by requiring Defendant to comply with BIPA's requirements for the collection, obtainment, storage, use, and dissemination of biometric identifiers and biometric information as described herein; (3) statutory damages of \$5,000 for each intentional and/or reckless violation of BIPA pursuant to 740 ILCS § 14/20(2) or, in the alternative, statutory damages of \$1,000 for each negligent violation of BIPA pursuant to 740 ILCS § 14/20(1); and (4) reasonable attorneys' fees and costs and other litigation expenses pursuant to 740 ILCS § 14/20(3).

#### **PRAYER FOR RELIEF**

Wherefore, Plaintiff Victor Williams respectfully requests that this Court enter an Order:

- A. Certifying this case as a class action on behalf of the Class defined above, appointing Plaintiff Victor Williams as Class Representative, and appointing Stephan Zouras, LLP. as Class Counsel;
- B. Declaring that Defendant's actions, as set forth above, violate BIPA;
- C. Awarding statutory damages of \$5,000 for *each* intentional and/or reckless violation of BIPA pursuant to 740 ILCS § 14/20(2) or, in the alternative, statutory

damages of \$1,000 for *each* negligent violation of BIPA pursuant to 740 ILCS § 14/20(1);

- D. Declaring that Defendant's actions, as set forth above, were intentional and/or reckless;
- E. Awarding injunctive and other equitable relief as is necessary to protect the interests of Plaintiff and the Class, including an Order requiring Defendant to collect, obtain, store, use, and disseminate biometric identifiers and/or biometric information in compliance with BIPA;
- F. Awarding Plaintiff and the Class their reasonable attorneys' fees and costs and other litigation expenses pursuant to 740 ILCS § 14/20(3);
- G. Awarding Plaintiff and the Class pre- and post-judgment interest, to the extent allowable; and,
- H. Awarding such other and further relief as equity and justice may require.

**PLAINTIFF'S MOTION FOR CLASS CERTIFICATION AND REQUEST FOR  
DISCOVERY ON CERTIFICATION ISSUES**

Plaintiff Victor Williams (“Plaintiff”) alleges that Defendant Ecolab, Inc. (“Ecolab” or “Defendant”) systematically violated the Biometric Information Privacy Act (“BIPA”), 740 ILCS § 14/1, *et seq.* Consistent with the rulings of federal and state courts overseeing BIPA actions, this case is well suited for class certification under 735 ILCS § 5/2-801. *See Alvarado v. International Laser Prod., Inc.*, Case No. 18 C 7756 (N.D. Ill. June 19, 2019), attached as Exhibit A; *see also In re Facebook Biometric Info. Privacy Litig.*, 326 F.R.D. 535, 542 (N.D. Cal. 2018), *aff’d sub nom. Patel v. Facebook, Inc.*, 932 F.3d 1264, 1277 (9th Cir. 2019) (holding, in a BIPA case, that “a class action is superior to individual actions”).

Specifically, Plaintiff seeks to certify a class consisting of numerous former and current similarly-situated employees who worked for Defendant in the State of Illinois who had their fingerprint data unlawfully collected, captured, received, obtained, maintained, stored, or disclosed by Defendant during the applicable statutory period in violation of BIPA. The question of liability is a legal question that can be answered in one fell swoop. As Plaintiff's claims and the claims of

similarly-situated individuals all arise from Defendant's uniform policies and practices, they satisfy the requirements of 735 ILCS § 5/2-801 and should be certified.

Plaintiff moves for class certification to protect members of the proposed class, individuals whose proprietary and legally protected personal and private biometric data was invaded by Defendant. Plaintiff believes that the evidence and argumentation submitted within this motion are sufficient to allow the class to be certified now. However, in the event the Court (or Defendant) wishes for the parties to undertake formal discovery prior to the Court's consideration of this motion, Plaintiff requests that the Court allow him to supplement this briefing and defer the response and reply deadlines.

## **I. RELEVANT BACKGROUND**

### **A. The Biometric Information Privacy Act**

Major national corporations started using Chicago and other locations in Illinois in the early 2000s to test “new [consumer] applications of biometric-facilitated financial transactions, including finger-scan technologies at grocery stores, gas stations, and school cafeterias.” 740 ILCS § 14/5(c). Given its relative infancy, an overwhelming portion of the public became wary of this then-growing, yet unregulated, technology. *See* 740 ILCS § 14/5.

The Biometric Information Privacy Act, 740 ILCS § 14/1, *et seq.* was enacted in 2008, arising from concerns that these uses of finger-scan technologies created a “very serious need of protections for the citizens of Illinois when it comes to biometric information.” Illinois House Transcript, 2008 Reg. Sess. No. 276. Under the Act, it is unlawful for a private entity to, among other things, “collect, capture, purchase, receive through trade, or otherwise obtain a person’s or a customer’s biometric identifiers or biometric information unless it first:

- (1) Informs the subject ... in writing that a biometric identifier or biometric information is being collected, obtained or stored;

- (2) Informs the subject ... in writing of the specific purpose and length of term for which a biometric identifier or biometric information is being collected, obtained, stored, and used; and
- (3) Receives a written release executed by the subject of the biometric identifier or biometric information.”

740 ILCS § 14/15(b).

Although there may be benefits to using biometrics in the workplace, there are also serious risks. Unlike ID badges – which can be changed or replaced if stolen or compromised – fingerprints are a unique, permanent biometric identifier associated with each individual. These biometrics are biologically unique to the individual; once compromised, the individual has *no* means by which to prevent identity theft, unauthorized tracking, or other unlawful or improper use of this information. This exposes individuals to serious and irreversible privacy risks. For example, if a biometric database is hacked, breached, or otherwise exposed – as in the recent Equifax, Home Depot, Google+ and Facebook/Cambridge Analytica data breaches – individuals have no means to prevent the misappropriation and theft of their proprietary biometric makeup.

A showing of actual damages is not necessary in order to state a claim under BIPA. When an entity “fails to adhere to the statutory procedures ... the right of the individual to maintain [his or] her biometric privacy vanishes into thin air.” *Rosenbach v. Six Flags Ent. Corp.*, 2019 IL 123186, ¶ 34 (internal quotations omitted) (quoting *Patel v. Facebook Inc.*, 290 F. Supp. 3d 948, 953 (N.D. Cal. 2018)). Thus, recognizing the need to protect its citizens from harms like these, Illinois enacted BIPA specifically to regulate the collection, use, safeguarding, handling, storage, retention, and destruction of biometric identifiers and information.

**B. Factual Allegations**

Plaintiff filed this class action against Defendant on December 7, 2020 to redress Defendant's alleged unlawful collection, use, storage, and disclosure of its employees' biometric information under BIPA. In his Complaint, Plaintiff provided detailed allegations that, to track their time, Defendant's employees were required to scan their fingerprints, but Defendant did not first: (1) develop and adhere to a publicly available retention schedule or guidelines for permanent destruction of the biometric data by Defendant, as required by BIPA; (2) inform Plaintiff and the Class in writing of the purpose(s) and length of time for which fingerprint data is being collected, stored, and used by Defendant; (3) provide Plaintiff and the Class (nor did they execute) a written release for Defendant to collect, store, or use their fingerprints, as required by BIPA; or (4) ask for consent before disclosing, redisclosing, or otherwise disseminating their fingerprints to a third party, as required by BIPA. *See* Compl. ¶¶ 13, 35-40, 46-50.

Plaintiff Victor Wiliams worked for Defendant from November 2016 to May 2019 at its their facility located at 4101 Olympic Boulevard, Joliet, Illinois 60431 *Id.* ¶ 43. Defendant required Plaintiff to scan his fingerprint so it could be used as an authentication method to track his time worked *Id.* ¶ 44. Defendant stored Plaintiff's fingerprint data in its employee database(s). *Id.* ¶ 45.

Defendant failed to inform Plaintiff and other employees of the extent of the purposes for which it collected their sensitive biometric data or to whom the data is disclosed. *Id.* ¶¶ 13, 35. Defendant failed to develop and adhere to a written, publicly available policy identifying its retention schedule and guidelines for permanently destroying individuals' fingerprint data when the initial purpose for collecting or obtaining their fingerprints is no longer relevant, as required by BIPA. *Id.* ¶¶ 13, 36, 46. Defendant's employees, including Plaintiff, were not told what might happen to their biometric data if and when Defendant merged with another company or, worse, if

and when Defendant's entire business folds. *Id.* ¶¶ 39-40. Since Defendant neither published a BIPA-mandated data retention policy nor disclosed the purposes for its collection of biometric data, Defendant's employees, including Plaintiff, had no idea at the time of collection to whom Defendant sells, discloses, re-discloses, or otherwise disseminates their biometric data. *Id.* ¶¶ 13, 40, 46. Nor are employees told at the time of collection to whom Defendant discloses their biometric data or what might happen to their biometric data in the event of a merger or a bankruptcy. *Id.* ¶¶ 39-40. Finally, Defendant failed to secure a written release from its employees, including Plaintiff, permitting them to collect, obtain, store, use, and disseminate employees' biometric data, as required by BIPA prior to collecting their data. *Id.* ¶¶ 13, 35, 36, 47.

Accordingly, Defendant's practices violated BIPA. As a result of Defendant's violations, Plaintiff and similarly-situated individuals were subject to Defendant's common and uniform policies and practices and were victims of their scheme to unlawfully collect, obtain, store, use, and disseminate Plaintiff's and all other similarly-situated individuals' biometric data in direct violation of BIPA. As a result of Defendant's multiple violations of BIPA, Plaintiff and all other similarly-situated individuals suffered an invasion of privacy and other damages.

Plaintiff now seeks class certification for the following similarly-situated individuals, defined as:

All individuals working for Ecolab in the State of Illinois who had their biometric identifiers and/or information collected, captured, received, or otherwise obtained, maintained, stored or disclosed by Defendant during the applicable statutory period.

Given Defendant's standard practices defined above and the straightforward and common legal questions presented in this case, Plaintiff now moves for class certification. Notably, this motion is being filed shortly after the Complaint was filed and before Defendant has responded. The parties have not discussed settlement, neither settlement offers nor demands have been made, and

a scheduling order has not been issued. For the reasons discussed herein, Plaintiff's request should be granted.

## **II. STANDARD FOR CLASS CERTIFICATION**

“The basic purpose of a class action is the efficiency and economy of litigation.” *CE Design Ltd. v. C & T Pizza, Inc.*, 2015 IL App (1st) 131465, ¶ 9 (citing *Miner v. Gillette Co.*, 87 Ill. 2d 7, 14 (1981)). “In determining whether to certify a proposed class, the trial court accepts the allegations of the complaint as true and should err in favor of maintaining class certification.” *CE Design Ltd.*, 2015 IL App (1st) 131465, ¶ 9 (citing *Ramirez v. Midway Moving & Storage, Inc.*, 378 Ill. App. 3d 51, 53 (1st Dist. 2007)). Under Section 2-801 of the Code of Civil Procedure, a class may be certified if the following four requirements are met:

- (1) the class is so numerous that a joinder of all members is impracticable;
- (2) there are questions of fact or law common to the class that predominate over any questions affecting only individual members;
- (3) the representative parties will fairly and adequately protect the interest of the class; and
- (4) the class action is an appropriate method for the fair and efficient adjudication of the controversy.

*See Smith v. Illinois Cent. R.R. Co.*, 223 Ill. 2d 441, 447 (2006) (citing 735 ILCS § 5/2-801). Notably, “[a] trial court has broad discretion in determining whether a proposed class meets the requirements for class certification.” *CE Design Ltd.*, 2015 IL App (1st) 131465, ¶ 9 (citing *Ramirez*, 378 Ill. App. 3d at 53). Here, the allegations and facts in this case amply demonstrate that the four certification factors are met.

## **III. ARGUMENT**

Plaintiff's claims here are especially suited for class certification because Defendant treated employees identically for the purposes of applying BIPA. All of the putative class members in this

case were uniformly subjected to the same illegal and unlawful collection, storage, use, and dissemination of their biometric data that was required as a condition of employment throughout the class period. Plaintiff meets each of the statutory requirements for maintenance of this suit as a class action. Thus, the class action device is ideally suited and is far superior to burdening the Court with many individual lawsuits to address the same issues, undertake the same discovery, and rely on the same testimony.

**A. The Class Is So Numerous That Joinder of All Members Is Impracticable.**

Numerosity is not dependent on a plaintiff setting forth a precise number of class members or a listing of their names. *See Cruz v. Unilock Chicago*, 383 Ill. App. 3d 752, 771 (2d Dist. 2008) (“Of course, plaintiffs need not demonstrate a precise figure for the class size, because a good-faith, non-speculative estimate will suffice; rather, plaintiffs need demonstrate only that the class is sufficiently numerous to make joinder of all of the members impracticable.”) (internal citations omitted); *Hayna v. Arby’s, Inc.*, 99 Ill. App. 3d 700, 710-11 (1st Dist. 1981) (“It is not necessary that the class representative name the specific individuals who are possibly members of the class.”). Courts in Illinois generally find numerosity when the class is comprised of at least 40 members. *See Wood River Area Dev. Corp. v. Germania Fed. Sav. Loan Ass’n*, 198 Ill. App. 3d 445, 450 (5th Dist. 1990).

In the present case, there can be no serious dispute that Plaintiff meets the numerosity requirement. The class of potential plaintiffs is sufficiently large to make joinder impracticable.<sup>1</sup> Plaintiff and all similarly-situated individuals were subjected to Defendant’s common and uniform policies and practices and were victims of Defendant’s schemes to unlawfully collect, store, use, and disseminate their extremely personal and private biometric data in direct violation of BIPA.

---

<sup>1</sup> Upon information and belief, the total number of putative class members exceeds fifty (50) individuals. Compl. ¶ 59.

As a result of Defendant's violations of the Act, Plaintiff and all other similarly-situated individuals suffered an infringement of the rights afforded them under the law. *Rosenbach*, 2019 IL 123186, ¶ 38. The precise number in the class cannot be determined until discovery records are obtained from Defendant. Nevertheless, class membership can be easily determined by reviewing Defendant's records. A review of Defendant's files regarding the collection, storage, use, and dissemination of its employees' biometric data performed during the class period is all that is needed to determine membership in Plaintiff's proposed class. *See e.g., Chultem v. Ticor Title Ins. Co.*, 401 Ill. App. 3d 226, 233 (1st Dist. 2010) (reversing Circuit Court's denial of class certification and holding that class was certifiable over defendant's objection that "the proposed class was not ascertainable, because the process of reviewing defendant's transaction files to determine class membership would be burdensome"); *Young v. Nationwide Mut. Ins. Co.*, 693 F.3d 532, 539-40 (6th Cir. 2012)<sup>2</sup> (rejecting the argument that manual review of files should defeat certification, agreeing with district court's reasoning that, if manual review was a bar, "defendants against whom claims of wrongful conduct have been made could escape class-wide review due solely to the size of their businesses or the manner in which their business records were maintained," and citing numerous courts that are in agreement, including *Perez v. First Am. Title Ins. Co.*, 2009 WL 2486003, at \*7 (D. Ariz. Aug. 12, 2009) ("Even if it takes a substantial amount of time to review files and determine who is eligible for the [denied] discount, that work can be done through discovery")). Once Defendant's records are obtained, the Court will know the precise number of persons affected.

---

<sup>2</sup> "Section 2-801 is patterned after Rule 23 of the Federal Rules of Civil Procedure and, because of this close relationship between the state and federal provision, 'federal decisions interpreting Rule 23 are persuasive authority with regard to questions of class certification in Illinois.'" *Cruz*, 383 Ill. App. 3d at 761 (quoting *Avery v. State Farm Mutual Automobile Insurance Co.*, 216 Ill.2d 100, 125 (2005)).

Absent certification of this class action, Defendant's employees may never know that their legal rights have been violated, and as a result, may never obtain the redress to which they are entitled under BIPA. Illinois courts have noted that denial of class certification where members of the putative class have no knowledge of the lawsuit may be the "equivalent of closing the door of justice" on the victims. *Wood River Area Dev. Corp. v. Germania Fed. Sav. & Loan Assn.*, 198 Ill. App. 3d 445, 452 (5th Dist. 1990). Further, recognizing the need to protect its citizens from harms such as identity theft, Illinois enacted BIPA specifically to regulate the collection, obtainment, use, safeguarding, handling, storage, retention, and destruction of biometric identifiers and information. A class action would help ensure that Plaintiff and all other similarly-situated individuals have a means of redress against Defendant for its widespread violations of BIPA.

**B. Common Questions Of Law And Fact Exist That Predominate Over Any Questions Solely Affecting Individual Members Of The Class.**

Courts analyze commonality and predominance under Section 2-801 by identifying the substantive issues that will control the outcome of the case. *See Bemis v. Safeco Ins. Co. of Am.*, 407 Ill. App. 3d 1164, 1167 (5th Dist. 2011); *Cruz*, 383 Ill. App. 3d at 773. The question then becomes whether those issues will predominate and whether they are common to the class, meaning that "favorable adjudication of the claims of the named plaintiffs will establish a right of recovery in other class members." *Cruz*, 383 Ill. App. 3d at 773. As stated by the Court of Appeals, the question is will "common ... issues be the subject of the majority of the efforts of the litigants and the court[?]" *Bemis*, 407 Ill. App. 3d at 1168. The answer here is "yes."

At the heart of this litigation is Defendant's culpable conduct under BIPA. The issues are simple and straightforward legal questions that plainly lend themselves to class-wide resolution. Notwithstanding the clear and unequivocal requirements of the law, Defendant disregarded Plaintiff's and other similarly-situated individuals' statutorily-protected privacy rights and

unlawfully collected, obtained, stored, used, and disseminated their biometric data in direct violation of BIPA. Specifically, Defendant has violated BIPA because it failed to: (1) inform Plaintiff and putative class members in writing of the purpose and length of time for which their fingerprints were being collected, obtained, stored, disseminated and used prior to collecting their biometric data; (2) provide a publicly available retention schedule or guidelines for permanent destruction of the biometric data; and (3) provide Plaintiff and putative class members a written release prior to collecting or obtaining their biometric data. Defendant treats the entire proposed class in precisely the same manner, resulting in identical violations of BIPA. These common practices create common issues of law and fact. In fact, the legality of Defendant's collection, obtainment, storage, use, and dissemination of Plaintiff's and the putative class's biometric data is the focus of this litigation.

Indeed, once this Court determines whether Defendant's practices of collecting, obtaining, storing, using, and disseminating individuals' biometric data without adhering to the specific requirements of BIPA constitutes violations thereof, liability for the claims of class members will be determined in one stroke. The material facts and issues of law are substantially the same for the members of the class, and therefore these common issues could be tried such that proof as to one claimant could be proof as to all members of the class. This alone establishes predominance. The only remaining questions will be the proper measure of damages and injunctive relief, which in and of themselves are questions common to the class. A showing of actual damages is not necessary in order to state a claim under BIPA. *See Rosenbach*, 2019 IL 123186, ¶ 40 ("[A]n individual need not allege some actual injury or adverse effect, beyond violation of his or her rights under the Act, in order to qualify as an 'aggrieved' person and be entitled to seek liquidated damages and injunctive relief pursuant to the Act"). Accordingly, a favorable adjudication of the

Plaintiff's claims in this case will establish a right of recovery to all other class members, and thus the commonality and predominance requirements weigh in favor of certification of the class.

**C. The Named Plaintiff And Class Counsel Are Adequate Representatives Of The Class.**

When evaluating adequacy, courts look to whether the named plaintiff has the same interests as those of the class and whether he or she will fairly represent them. *See CE Design Ltd.*, 2015 IL App (1st) 131465, ¶ 16. In this case, Plaintiff's interest arises from statute. The class representative, Victor Williams, is a member of the proposed class and will fairly and adequately protect the class's interests. Plaintiff, as a condition of employment, was required to have his fingerprint scanned so Defendant could use it as an authentication method to track his time worked. Defendant subsequently stored Plaintiff's fingerprint data in its employee database(s). Prior to the collection of her biometric identifiers and/or biometric information, Plaintiff was not informed of the specific limited purposes (if any) or length of time for which Defendant collected, obtained, stored, used, or disseminated his biometric data. Nor was Plaintiff informed of any biometric data retention policy developed by Defendant or when, if ever, Defendant will permanently delete his fingerprint information. Finally, Plaintiff was not provided a written release allowing Defendant to collect, obtain, store, use, or disseminate his fingerprints. Thus, Plaintiff was a victim of the same uniform policies and practices of Defendant as the individuals he seeks to represent and is not seeking any relief that is potentially antagonistic to other members of the class. What is more, Plaintiff has the interests of those class members in mind, as demonstrated by his willingness to sue on a class-wide basis and step forward as the class representative, which subjects him to discovery. (*See Exhibit B – Affidavit of Victor Williams*) This qualifies him as a conscientious representative plaintiff and satisfies the adequacy of representation requirement.

Proposed Class Counsel, Stephan Zouras, LLP, will also fairly and adequately represent the class. Proposed Class Counsel are highly qualified and experienced attorneys. (*See* Exhibit C – Affidavit of Haley R. Jenkins and the Firm Resume attached thereto as Exhibit C-1). Stephan Zouras, LLP, are recognized attorneys in class action lawsuits and have been designated as class counsel in numerous class actions in state and federal courts, including pioneering efforts on behalf of classes of employees whose rights under BIPA were violated. (*Id.*). Thus, proposed Class Counsel, too, are adequate and have the ability and resources to manage this lawsuit.

**D. A Class Action Is The Appropriate Method For Fair And Efficient Adjudication Of This Controversy.**

Finally, a class action is the most appropriate method for the fair and efficient adjudication of this controversy, rather than bringing individual suits which could result in inconsistent determinations and unjust results. “It is proper to allow a class action where a defendant is alleged to have acted wrongfully in the same basic manner toward an entire class.” *P.J.’s Concrete Pumping Serv., Inc. v. Nextel West Corp.*, 345 Ill. App. 3d 992, 1003 (2d Dist. 2004). “The purported class representative must establish that a successful adjudication of its individual claims will establish a right of recovery or resolve a central issue on behalf of the class members.” *Id.*

Here, Plaintiff’s claim stems from Defendant’s common and uniform policies and practices, resulting in common violations of BIPA for all members of the class. Thus, class certification will obviate the need for unduly duplicative litigation that might result in inconsistent judgments concerning Defendant’s practices. *Wentholt v. AT&T Technologies, Inc.*, 142 Ill. App. 3d 612 (1st Dist. 1986). Without a class, the Court would have to hear dozens of additional individual cases raising identical questions of liability. Moreover, class members are better served by pooling resources rather than attempting to litigate individually. *CE Design Ltd.*, 2015 IL App (1st) 131465, ¶¶ 28-30 (certifying TCPA class where statutory damages were alleged and rejecting

arguments that individual lawsuits would be superior). In the interests of justice and judicial efficiency, it is desirable to concentrate the litigation of all class members' claims in a single forum. For all of these reasons, the class action is the most appropriate mechanism to adjudicate the claims in this case.

**E. In The Event The Court Or Defendant Seeks More Factual Information Regarding This Motion, The Court Should Allow Supplemental And Deferred Briefing Following Discovery.**

There is no meaningful need for discovery for the Court to certify a class in this matter; Defendant's practices and policies are uniform. If, however, the Court wishes for the Parties to engage in discovery, the Court should keep the instant motion pending during the discovery period, allow Plaintiff a supplemental brief, and defer Defendant's response and Plaintiff's reply. Plaintiff is moving as early as possible for class certification in part to avoid the "buy-off problem," which occurs when a defendant seeks to settle with a class representative on individual terms in an effort to moot the class claims asserted by the class representative. Plaintiff is also moving for class certification now because the class should be certified, and because no meaningful discovery is necessary to establish that fact. The instant motion is far more than a placeholder or barebones memorandum. Rather, Plaintiff's full arguments are set forth based on the facts alleged at this extremely early stage of litigation. Should the Court wish for more detailed factual information, the briefing schedule should be extended.

**IV. CONCLUSION**

For the reasons stated above, Plaintiff respectfully requests that the Court enter an Order: (1) certifying Plaintiff's claims as a class action; (2) appointing Plaintiff Victor Williams as Class Representative; (3) appointing Stephan Zouras, LLP as Class Counsel; and (4) authorizing court-

facilitated notice of this class action to the class. In the alternative, this Court should allow discovery, allow Plaintiff to supplement this briefing, and defer response and reply briefs.

ORDER

Plaintiff's motion to certify class [43] is granted. Plaintiffs are directed to furnish an amended class notice, consistent with the court's rulings, within seven (7) days.

STATEMENT

Plaintiff Josue Alvarado filed this lawsuit alleging that his employers, Defendants International Laser Products, Inc. and International Toner Corp., violated the Fair Labor Standards Act and the Minimum Wage Law by failing to pay overtime wages at the rate of one and one-half times Alvarado's straight pay rate. He seeks to represent a class of workers who were also allegedly victims of this practice.

The focus of the parties' disagreement on this issue relates to the language of the class notice. The court has reviewed the competing proposals and rules as follows:

1. Plaintiffs' proposed class notice begins with an all-caps notice that recipients are eligible to participate in the lawsuit even if they had previously signed a settlement agreement that Defendants proposed and negotiated with several workers. The language of the class notice ends with the words "THE SETTLEMENT DOCUMENT YOU SIGNED IS VOID, AND THE LAWSUIT SEEKS TO RECOVER MORE MONEY THAN THE COMPANY OFFERED YOU." Defendants object to this language; Defendants contend that the court has ruled that the agreements entered into are "not enforceable" (as stated in paragraph 3 of the Class Notice), not that they were "void." (Defendants' Memorandum in Opposition to Plaintiff's Motion to Authorize Notice [50] [hereinafter, "Defs.' Opp."] at 2.) Defendants also argue, without elaboration, that there is no "apple to apple comparison" between what the lawsuit is seeking and the relief offered employees in the proposed settlement agreement. (*Id.*) Without commenting on the merits of either of these contentions, the court directs that the final sentence of the notice be amended to read as follows: THE SETTLEMENT DOCUMENT YOU SIGNED IS NOT ENFORCEABLE, AND THE LAWSUIT SEEKS TO RECOVER COMPENSATION AS DESCRIBED IN THIS NOTICE.

2. Defendants object to Plaintiffs' definition of the class seeking relief for alleged violations of the Biometric Information Privacy Act ("BIPA"). Defendants note that the complaint

defined that class as “Production Laborers and other hourly paid workers employed in Illinois by Defendants who were required to scan their fingerprints in Defendants’ timekeeping system.” (Defs.’ Opp. at 1; see First Amended Complaint [20] ¶ 111.) The proposed class notice, in contrast, defines the class as “All persons who worked for Defendants in Illinois since November 21, 2013, and who scanned their fingerprints in Defendants’ timekeeping system without first executing a written release.” Plaintiffs contend that the revised definition is *narrower* than the original, at least to the extent that it imposes a time limit and excludes persons (if any) who executed a release. (Plaintiffs’ Reply in Support of Motion for Class Notice [52] [hereinafter, “Plts.’ Reply”], at 2-3.) Plaintiffs have also cited caselaw holding that amendments to the class definition are acceptable so long as they do not “greatly expand” the scope of the litigation beyond what Defendants might have expected. *Compare Beaton v. SpeedyPC Software*, 907 F.3d 1018, 1023 (7th Cir. 2018), cert. denied, No. 18-1127, 2019 WL 979392 (U.S. Apr. 1, 2019) (approving certification of a class narrower than the one proposed in the original complaint where defendant had fair notice) *with Supreme Auto Transport, LLC v. Arcelor Mittal USA, Inc.*, 902 F.3d 735, 737, 741 (7th Cir. 2018) (refusing to adopt class definition that “greatly expanded the potential scope of the class”). The court has no information about how many more employees might be included in the new definition; that is, neither side has explained whether there are a number of employees other than “production laborers and other hourly paid workers” who were required to scan their fingerprints. If the class definition is in fact significantly broader than what Defendants could have anticipated when this case was initiated, the court would expect Defendants to provide that information. This objection is overruled.

3. Defendants contend that “The notice should state that the purpose of the lawsuit is to inform the employee of a collective action lawsuit in which s/he is potentially ‘similarly situated.’” (Defs.’ Opp. at 2.) The court disagrees that informing employees is the purpose of the lawsuit. That may be the purpose of Plaintiffs’ proposed notice, but using the expression “similarly situated” is unnecessary and may be misleading. This objection, too, is overruled.

4. Defendants believe class members should be notified that “there is no money available now, and no guarantee that there will be.” (Defs.’ Opp. at 2.) The court believes this purpose can be served by making the following change to the notice form: In the fourth full paragraph of the proposed notice, beginning with the words “The lawsuit seeks to recover owed overtime wages for employees, plus additional damages,” the notice should read, “If Plaintiffs prevail in this lawsuit, employees will be entitled to recover unpaid overtime wages, plus additional damages . . .”

5. Defendants contend employees should be warned that they may be liable to pay costs if they do not prevail. (Defs.’ Opp. at 2-3.) Plaintiffs oppose this proposal. They cite *Boltinghouse v. Abbott Labs., Inc.*, 196 F. Supp. 3d 838, 843 (N.D. Ill. 2016), in which this court expressed reluctance to chill the rights of workers to participate in a collective action by means of a warning that they could be required to sit for their depositions or even pay opposing counsel fees. (Plts.’ Reply at 5.) This court deemed those risks too remote to require inclusion in a notice. The issue in this case is whether the possibility of an award of costs is equally remote.

Defendants have cited a handful of cases in which courts have endorsed the inclusion of a notice of this possibility: see, e.g., *Dunkel v. Warrior Energy Servs., Inc.*, 304 F.R.D. 193, 207 (W.D. Pa. 2014) (dictating inclusion of a several-sentence long disclosure of possible liability for costs); *Wright v. Lehigh Valley Hosp. & Health Network*, No. 10-cv-431, 2011 WL 221770, at \*7 (E.D. Pa. Jan. 20, 2011) (requiring notice to include provision about opt-ins potentially paying court costs); *Creten-Miller v. Westlake Hardware, Inc.*, 2009 WL 2058734, at \*4 (D. Kan. July 15, 2009) (modifying notice to include, “If you do not prevail on your claim, court costs and expenses

may possibly be assessed against you"); *Garcia v. Elite Labor Serv., Ltd.*, No. 95 C 2341, 1996 WL 33500122, at \*4 (N.D. Ill. July 11, 1996) (modifying notice to include statement that, "if you do not prevail on your claim, court costs and expenses may possibly be assessed against you"); *White v. Kcpar, Inc.*, No. 6:05-cv-1317-Orl-22DAB, 2006 WL 1722348, at \*4 (M.D. Fla. June 20, 2006) (finding a notice defective because it did not fully inform recipients about consequences of opting in, including potential liability for costs and expenses).

In reaching its conclusion, the *Creten-Miller* court called such an award "clearly possible and [] not merely theoretical." None of the cases it cited for this conclusion are from this Circuit, and it is not clear that such an award has been made in a collective action here. *Creten-Miller*, 2009 WL 2058734 at \*4 (citing *Johnson v. Big Lots Stores, Inc.*, Nos. 04-3201, 05-6627, 2009 WL 1870862, at \*9-10 (E.D. La. June 25, 2009) (awarding costs related to claims of 43 individual participants who moved to dismiss their claims); *Gomez v. Reinke*, No. CV91-299-S-LMB, 2008 WL 3200794, at \*6 (D. Idaho Aug. 7, 2008) (awarding costs to defendants for prevailing on merits of class action claims); *Reyes v. Tex. Expawn, L.P.*, No. V-03-128, 2007 WL 4530533, at \*2 (S.D. Tex. Dec. 19, 2007) (awarding costs to defendant as prevailing party). See also *Wright*, 2011 WL 221770, at \*7. The court therefore remains concerned that the true purpose for inclusion of such a notice is to discourage workers from participating in the litigation. Having reviewed caselaw, however, the court concludes it is appropriate to amend the language under question 8 in the notice to provide some information "concerning the cost issue, without giving it undue emphasis." *Nehmelman v. Penn Nat. Gaming, Inc.*, 822 F. Supp. 2d 745, 765 (N.D. Ill. 2011). This court directs that the second sentence of that provision be amended to read, "If you participate in this lawsuit and the employees lose, you will be bound by the outcome of this lawsuit and will not receive any money, and it is possible that a portion of the court costs would be assessed against you in that event."

6. Defendants argue that notice of this case should be furnished solely by means of first-class mail. Communication via text message or e-mail, Defendants contend, is "unwarranted and susceptible to abuse." (Defs.' Opp. at 3.) Defendants also object to notice by way of a posting at the workplace, but Plaintiffs have not requested such a process. (Defs.' Opp. at 5; Pltfs.' Reply at 5-6 n.4.) Nor have Plaintiffs requested production of employee Social Security numbers and birthdates, so the court need not address Defendants' objection to such production. (Defs.' Opp. at 5-7; Pltfs.' Reply at 8.)

The court agrees with Plaintiffs that e-mail and text communication is the most straightforward and effective method of communicating with the potential class members. As observed in *Calvillo v. Bull Rogers, Inc.*, 267 F. Supp. 3d 1307, 1315 (D.N.M. 2017), cited by Plaintiffs, "Courts have recognized that notice by email and text is reasonable in today's mobile society and that these methods of communication may offer a more reliable means of reaching an individual even if that individual is away from home or has moved." To that end, the court directs production by Defendants of employee telephone numbers, and any known e-mail addresses, and authorizes one reminder notice. See *Boltinghouse*, 196 F. Supp. 3d at 844. Defendants' purported concern about potential abuse or alteration of the notice (Defs.' Opp. at 3-4) is dispatched by Plaintiffs' explanation that e-mail would include a .pdf version of the notice, and text messages will direct the recipient to website that includes the form notice. (Pltfs.' Reply at 8.) In any event, Defendants themselves should have effective means of determining whether persons who attempt to opt in are or have been employed by Defendants.

**9/14/07 - Final Approval**

**No. 02-cv-7884 (United States District Court for Northern District of Illinois)**

The firm's partners served as co-lead counsel in this nationwide Fair Labor Standards Act ("FLSA") overtime action brought on behalf of 4,000 retail store managers. Plaintiffs claimed they were improperly classified as exempt from the FLSA and owed overtime compensation for all hours worked in excess of 40 each week. In a case of first impression, the Court granted summary judgment in favor of a sub-class of Plaintiffs who did not "regularly and customarily" supervise at least 80 hours of subordinate time per week at least 80% of the time as required by the executive exemption of the FLSA. The reported decision is *Perez v. RadioShack Corp.*, 386 F. Supp. 979 (N.D. Ill. 2005). As a result of the efforts of Plaintiffs' counsel, Plaintiffs obtained a nearly \$9 million settlement on the eve of trial.
